| 4 | End Term examination | 27 th February 2023 to 11 th March 2023 | Entire syllabus taught |

Instructions:

1. The classes will run in the offline mode. The courses taught by resource person/guest faculty will run in hybrid mode.
2. All examinations will be in offline mode.
3. For courses taught in hybrid mode, the feasibility of offline examination will be explored. Evaluation for such courses will be considered on case-to-case basis. Information will be shared with students in advance of the mid-term examination.
4. For BTP project, contact the coordinator for information regarding assessment.
5. The M.S students will be required to check with their respective schools for the assessment of the course being taught in the respective schools.
6. These instructions are not exhaustive, additional notifications may be issued from time to time if deemed necessary
