Pre- Enrolment and Physical Reporting

CCMT - 2026

Candidates who have been allocated a seat in Jawaharlal Nehru University (JNU) through CCMT 2026 counselling, please note the following:

- The pre-enrolment process:** August 12 to August 16, 2026
Admission Branch of JNU will send an email (registered with CCMT 2026) for the pre-enrolment process with instructions, following which the candidates will be required to pay mandatory institutional fees (different from the fee paid in CCMT counselling & hostel/mess fees).
- Physical Reporting at JNU:** August 21, 2026
The candidates are required to come to the campus in person for document verification and confirmation of admission to the School of Engineering (SoE). The seat allocated through counselling only guarantees provisional admission. Once the physical reporting and verification are complete, the candidate will be allocated a unique registration and enrolment number by the University.
- Folio generation at the School of Engineering:** The candidate, after physical verification and generation of the registration number, is expected to visit the Engineering Lecture Complex (ELC) of the School of Engineering for their folio registration. The list of courses for folio registration is available with the office at ELC (behind VIKAS building).
- Hostel allocation in JNU:** Once the school signs the folio forms, students are expected to visit the IHA, JNU. The information about hostel fees and mess charges will be given by IHA. Candidates are not supposed to make phone calls/e-mails to either the school or the admission branch for the same. These charges are different from the fee deposited with CCMT or the institutional fees to be paid at the time of pre-enrolment.
- The process of physical reporting/folio generation/hostel allocation can be time-consuming. Candidates are advised to make arrangements for an extended stay in Delhi on their own till a hostel is allocated.
- The fee deposited during CCMT counselling will be transferred to the University by the nodal center of the counselling once physical reporting and other formalities are over. The tuition fees for the first semester will be deducted from the amount received, and the rest will be refunded to each student by the University, subject to the verification of certain relevant documents like category certificates/income certificates, etc. The process is time-consuming and depends on the funds being transferred and will not be immediate.
